# Project result - a guide to the modular development of florist teachers and mentors in employers

- basic (Srb,Cro); mentor (Slo,It); master (Swe)
- two directions – teachers/employers
- how we will work? - alone / with a partner / at an online meeting together
- what are we going to do? – concept
- list of key jobs - analysis, planning and organization of work
  - operational work
  - commercial business
  - quality assurance
  - health and environmental protection
- list of knowledge / list of skills / learning outcome
- designed guide in English + partner languages (digital and paper)

**Financira**  
**Europska unija**

# Project result - interactive contents and new contents of sustainable development for supplementing educational contents for the florist profession

- **we have in focus:** use of natural materials, recycling, biodegradable materials, herbal preparations for protection against diseases and pests
- SLO: 15 videos (recycling materials, marketing in a flower shop, marketing in COVID and similar situations...)
- IT: 12 videos (herbal preparations for protection against diseases and pests...)
- SWE: 2 videos (color, texture)
- SRB: 10 videos (use of natural materials, biodegradable materials...)
- New contents from the perspective of sustainable development:

AO: 5 chapters

SBR: 5 chapters

IT: 1 chapters

SLO: chapters

CRO and SWE helps SBR in tasks

## **For this result we need:**

content schedule for partners, scenarios, work control, analysis and quality assessment (all partners)

**Financira  
Europska unija**

# Project result – App florist tool

- development of a new tool adapted to the florist profession
- idea - connect student + teacher + employer the platform must be available to the public (student names or images not available)
- subcontracting experts (program development) for the realization of this result
- direct work with an expert – CRO i SWE
- Testing – SLO, IT, SRB
- prepare all - a list of schools, students, teachers, employers different types of tasks and types of evaluation that will be implemented in the program

**Financira**  
**Europska unija**

# Multiplayer events – alive / online

- Target group – teachers, students, florists, employers
- Calls via – mail addresses, facebook FlorCerta and facebook pages host/ partners, other media
- Sharing - flyer, guide, promotional material
- Language - host language and / or English
- **we must have** - surveys, presentation of modules through environmental topics (one or two modules)
- 1. SLO 7.-10.06.2023. arboretum Volčji potok 60/30 participants
- 2. IT 20.08.2023. Tussio 39 local participants
- 3. CRO 03.2024. arboretum Opeka 60/30 participants
- 4. SWE 11.2023. online 60 participants
- 5. SRB 1.2024. online 40 participants
- 6. CRO ??2024. online 40 participans

**Financira**  
**Europska unija**

# Learning, Teaching, Training Activities

- C1 Skills for a master FlorCert - SWE - 3 participants (IT, CRO, SLO)
  - presentation of the master's exam curriculum
  - the presence of a partner in the master's exam (basic and master to see the differences)
  - workshop of advanced floristic techniques, exercise of task making
- C2 Synergy of floral design and historical artistic architecture - IT - 3 participants (SWE, CRO, SLO)
  - cognition of different spaces and strengths of emotion through the senses of sight, hearing, taste, smell and touch (workshop)
